

At home in every home

High shade tolerance. High wear tolerance. Low maintenance.

Appearance

- ✓ Excellent winter-green colour
- ✓ Soft to touch and underfoot
- ✓ Broad leaf
- ✓ Dense growth

Features

- ✓ High shade tolerance
- ✓ Low maintenance
- ✓ Low thatch
- ✓ High wear tolerance
- ✓ Solid weed resistance due to dense growth Produces low
- ✓ seed head (a common irritant for people with allergies)

Climatic performance

- ✓ Drought tolerance
- ✓ High cold tolerance, including frost
- ✓ Performs in heat and humidity
- ✓ Grows in most parts of Australia

Environmental benefits

- ✓ Low water usage
- ✓ Reduced herbicide requirements

Palmetto® Soft Leaf Buffalo needs less watering and mowing than most turf varieties, delivering a great looking lawn with minimal fuss.

Palmetto® has strong-growing runners that grow across the ground, rather than upwards. This growth pattern creates a dense lawn with solid wear tolerance and recovery rate. It's also why **Palmetto®** is great at out-competing weeds.

Palmetto® has an excellent winter-green colour and performs well in shade.

With its deep root system, **Palmetto®** is an efficient water user and drought tolerant.

Maintenance

- ✓ Cut to 2cm-5cm in sun, or 5cm-7cm in shade
- ✓ Mow every 7-10 days in warmer months, and every 3-6 weeks in colder months
- ✓ Fertiliser is recommended twice a year: once in early April and once in September

Palmetto® Soft Leaf Buffalo is drought tolerant **once established** – but, like all plants, needs water. Requirements will vary depending on environmental factors. Be aware of a drying climate and water your lawn accordingly.

Remember, infrequent deep watering of your lawn promotes a healthy lawn and a strong deep-rooted system. Watering time is best in the early morning.

Palmetto®
SOFT LEAF BUFFALO

Shade tolerance	High
Drought tolerance	Medium
Maintenance	Low
Wear tolerance	High
Winter colour	7.5/10*
Cold tolerance	High
Best planting time	Anytime
Where it works best	QLD, NSW, VIC, SA, WA
Soil type	Most soil types
Leaf	Broad
Salt tolerance	Low
Seed head levels	Low

*Winter colour rating when fertilised.
Note: Lawn is a living product that performs differently in various environments and seasonal conditions.
